BALCONY SQUARE

# FOOD PRICES GO DOWN

EDITOR: MR. IAN HADDEN

Published by the Scarborough College Students' Council

Patrons of the College cafeteria may have noticed something new this week. The prices are lower.

Effective pressure was applied by the Students' Council last week resulting in intense negotiations between the Council, the College authorities and the caterers. A meeting Thursday produced an agreement whereby cafeteria prices are being reduced, especially those food items most commonly purchased.

SCSC President Ross Flowers said after the meeting that the widespread student protest against the food prices — approximately 25 per cent higher than in April following two summer increases — undoubtedly had a significant effect on the College administration.

The students' council Coffee Shop operating in 3268 (Recreation Wing) was also a factor in achieving the price reduction. The coffee shop expanded its menu to include sandwiches and kaiser rolls following an SCSC meeting September 10 which heard many student complaints about the cafeteria operations. Students' Council also embarked on an advertising campaign promoting the coffee shop's lower prices. However, Flowers said, it is unlikely that the competition from the student coffee shop was the main factor in the administration's sudden about face.

"The coffee shop was never intended as serious competition for the cafeteria since we can't match its lengthy menu or cooking facilities," Flowers said. "However, we do intend to slightly expand the coffee shop menu to include hot sandwiches and pizza. Since people at the College should have the opportunity to choose the locale, menu and price they wish for their food."

Flowers noted that students on the downtown campus have several cafeterias from which to choose; thus if one outlet increases its prices students can easily switch to another eating place. But students at Scarborough don't have a similar choice of cafeterias to suit their preference.

"There's more involved than just the prices," Flowers added. "Variety, location and atmosphere are just as important as the price for most people — that's why we intend to continue publicizing the coffee shop even if cafeteria prices are rolled back to the April levels."

That desirable event is most unlikely to happen due to unilateral bureaucratic restrictions imposed on the College by the Conservative provincial government at Queen's Park.

Officials in the Ministry of Colleges and Universities decreed that the College cafeteria must be self-supporting regardless of how high this forces the food prices to go. The College administration is forbidden to subsidize the operations of the cafeteria; accordingly, prices cannot presently be reduced as much as Principal Campbell and comptroller Morris Murrill would like.

"It was obvious at Thursday's meeting that both Campbell and Murrill favoured even greater price reductions," Flowers said, "but their hands are tied by the arbitrary provincial regulations."

Students should now be focusing their complaints against the Conservative government, not against the College administration.

Cafeteria prices are still higher than in April but after Thursday's reductions, students and teaching staff should find a few pleasant prices as they peruse the menu this week.

Milk prices were reduced a few days ago following several heated student complaints. Negotiations between Students' Council, the administration and Commercial Caterers have produced a five-cent reduction on almost all the items on the cafeteria menu. The student coffee shop ad elsewhere in this issue was sent to the printer before the price reductions had been approved and consequently does not reflect the current prices.

Coffee Shop prices in the ad are accurate and remain significantly lower than the new cafeteria price list.

Student pressure should continue since further reductions in cafeteria prices certainly are possible. Bring your complaints to the Students' Council office or contact Services Commissioner Scott Cavalier at 282-3817.

# PARKING FEES

BY GARY HEIGHINGTON

Scarborough College must eliminate the present system of parking charges which are levied both against the students and the staff of the college who must use their own transportation in order to commute.

Reasons for the elimination of parking charges:

1. There are so-called expenses due to the maintenance of the parking facilities. However, the greatest expense under the present system is that of remuneration of the unnecessary parking attendants and extra security guards needed to police the system. Snow removal expenses are minimal considering that all college grounds, i.e. the roadways in the valley require this service. Capital expenditure such as the past acquisition of new parking lots because of the construction of "R" Wing should have been incurred with construction costs and not have both the student body and the staff burdened with these costs.
2. Rumor has it that certain pressures from the "downtown" administration forced the Scarborough administration to adopt parking charges. It should be noted that Centennial College, located much closer to the centre core of the city and which is accessible to public transportation, charges **no parking fee** whereas Scarborough College, located in the far eastern boundaries of Metro and which has poor public transportation, charges a parking fee.
3. Scarborough College provides transportation free to students and staff who commute between the "downtown" campus or the Warden Subway Station and the college. Why do these users receive a subsidy whereas those who use their own automobile and incur their own operating costs must pay a parking fee or walk a half a mile if he or she can find parking in the "free lot"?

**Recommendation:**

That the college incur the maintenance costs of both the parking facility and the bus service. These costs could be offset within the college budget.

# VCF is now LIFE

Hey stranger, welcome to Scarborough College. If this is your first prolonged visit you're in for a treat — 200 acres of forest, valley and stream incomparable athletic facilities and small personal classes. If you're returning, you already know that. Aint it the truth?

Planning to stay at Scarborough for a few years will mean it will not only take a part of your life, but Scarborough College will become part of you. Your stay will depend on you; what you do, what your goals are and how you go about achieving them. The decisions you make will affect you for the rest of your life. All truisms may not be true, but this one is: You only get out what you put in. Don't kid yourself; You've got a lot to give and you've got a lot to live.

LIFE is a group of concerned and committed Christians operating at the college under the auspices of Inter-Varsity Christian Fellowship and Campus Crusade for Christ, who have found something tangible and meaningful in their own lives. It gives us a purpose, goals and directions; and can accurately be called the Abundant Life. Reference should not be made in terms of "it". "It" is a He: Jesus

Continued on Page 4

# BUSES

The Scarborough College buses are off and running again this year, transporting students to and from Warden Subway Station. I'm sure this policy pleases those students who used this service last year and will again this year. What about the other Scarborough students who don't drive but who would like to enjoy this type of service? I am talking now of those who live in Scarborough but who are residing half way between the College and the subway station. I don't feel it is impossible to have one or two buses make a couple of runs in the morning and afternoon each school day along a plotted route to pick up and discharge students who live in the nuisance halfway area of mid-Scarborough. They pay for the running of the buses too!!

# INVITATION AU FOYER FRANÇAIS

All students interested in making use of the new FRENCH ROOM (S223-B) are invited to an opening party on **Thursday, Sept. 20** from **3:00 p.m.** to **5:00 p.m.**

This room has been designed for use by **all members of the college** who are interested in developing their understanding and speaking abilities in French outside of the formal atmosphere of the classroom.

For more details concerning the many uses of the room see your Student Handbook. And then, come to the opening party for a live demonstration of its resources.

Professor Mignault will demonstrate the use of the sophisticated audio-visual equipment available at **3:30 and at 4:30 p.m.**

And remember: Room S223-B is from now on a place where FRENCH should be the only language heard or spoken (Exceptions will be tolerated for the opening party).

# RADIO SCARBORO

Radio Scarborough is looking for people to help out in the station in any way. Whether it is as a disc jockey, news caster, reporter, or whatever the person is interested in doing. All those interested should contact Dominic Postorino, station manager for CKSR, by way of written requests to be left in the Student Council Office.

Applications are to be submitted as soon as possible.

## EDITOR'S NOTE

I am hereby openly inviting the administration of Scarborough College to defend the rise in parking fees from $20 in the academic year '72-'73 to $40 in the academic year '73-'74. I can not see where the cost for operating the lots can change that drastically in a three or four month period. The lots definitely have not been gold plated or diamond studded. Possibly the new found monies will go for this purpose?

## SCARBOROUGH COLLEGE STUDENTS' SOCIETY FALL ELECTIONS TO THE STUDENTS' COUNCIL

### POSITIONS TO BE ELECTED

**2 Representatives** to be elected from those students in their First Year at the College **and** are enrolled in at least **FOUR** full courses during the 1973-74 academic year.

**1 Representative** to be elected from those students who have successfully completed at least FIVE Full Courses and not more than TEN Full Courses **and** are enrolled in at least **FOUR full courses during the 1973-74 academic year.**

**4 Representatives** to be elected from all students enrolled in **3½ or fewer** courses (regardless of whether the courses are taken in the day or evening) during the 1973-74 academic year.

**SCARBOROUGH REPRESENTATIVES ON THE STUDENTS ADMINISTRATIVE COUNCIL:**

Affirmation or Rejection of the Acclamations of five SAC Reps who were nominated in March 1973 and have been serving on an interim basis since that time.

All students are eligible to vote. Write-in Voting Permitted.

**ELECTION DAY** **WEDNESDAY** **OCTOBER 3**

Nomination Forms and Election Rules available in the Students' Council Office S-302 B

Paul Carson
Chief Returning Officer

# THE VALLEY

Scarborough College is perhaps one of the most unique university campuses in that its capacity for recreation is boundless. Where most campuses usually offer extensive facilities such as the ones Scarborough has in the Recreation Centre, very few can boast of idyllic outdoor facilities.

Now is the time to acquaint yourself with the valley. By foot, you may reach the valley by the path leading from the end of the Humanities Wing. By car or bike, you may reach the grounds off old Kingston Rd. at the stone gates.

The valley is a great place for playing soccer, rugger, football, field hockey, frisbee or whatever. There's lots of open space to play, to run, to ride or to walk. There also are 4 tennis courts open from dawn to dusk and a coach house with showers and lockers.

Even if you don't imagine yourself as an athlete, take a walk down to the valley. The birds songs, the autumn leaves and the silence are beautiful.

Mary Ann Prettie

What are we?
Why are we?
Where are we?
SCISA is . . .
fun
excitement
education
or just a place to relax
We are a social organization that has many activities during the school year. Besides International Students' Day, this Association holds various dances, International dinners, forums, week-end trips and a number of winter outings. Our aim is to bring together students of different nationalities in a social surrounding to learn and to appreciate other cultures around the world and have them learn about Canada. We would really like to see you and your friends and after you've seen us, you'll be glad that you became a part of this exciting, sometimes crazy organization known as SCISA. Oh! by the way, we are on the 3rd floor balcony, H302A, our name is on the window. Remember SCISA. Remember to drop by and see what we're all about.

**Yoga**
Wednesdays & Fridays 12:00 noon in the Teaching Studio

# LIFE

Continued from page 1

Christ; Lord of the Universe, Hope of the world.

What is the significance of our name you say? Well, Jesus spoke quite a bit on life. He was a real man who lived a real life and wants to give real life to each one of us. Jesus said "I came that they (you) might have LIFE and have it more abundantly." "This is eternal LIFE, that they may know Thee the only true God, and Jesus Christ whom Thou hast sent."

You may find this hard to believe but God loves **you** and wants to have fellowship with you so you can return the love which he so freely gives to us. The trouble is we are sinful and separated from God. Man is continually trying to reach God through his own efforts: good life, ethics and philosophy. Jesus Christ is God's only provision for man's sin. Through Him you can know and experience fellowship with God — the Abundant Life.

God has bridged the gulf which separates us from Him by sending His Son Jesus Christ to die on the cross in our place. By individually receiving Jesus Christ as Saviour and Lord we can have the abundant life. This involves turning to God from self, trusting Christ to come into our lives, to forgive our sins and to make us what He wants us to be. It is not enough to give intellectual assent to His claims or to have an emotional experience.

This may be something totally new to you or you may have heard this Good News before. Either way it doesn't change its importance or its relevance to you.

We invite you to get actively involved on this campus working with students for the betterment of the student body. Look for our activity table in front of the Cafeteria, drop by, grab some stuff and ask us for some Good News. We'll be glad to talk to you and share with you what Jesus has done for us and can do for you. Watch soon for the grand opening of our office — more details later. Bible studies will begin the second week of classes at various times during the week — try to work one in. Other activities during the year will include movies, special speakers and musical groups.

Best of all there is a corn-roast down in the Valley on Wed. Sept. 12 starting in the early evening to which you are invited. There will be special music and lots to see, do and eat. We look forward to meeting **you**!
